31. Please provide any additional budgetary information:
We track Adult Protection Expenditures using a BRASS code system. The data provided is based upon the amount of expenditures reported by the Counties under specific BRASS codes. These BRASS codes do not exclusively capture Adult Protection data so the dollar amount provided may reflect other work provided to Vulnerable Adults. I have a spreadsheet that can provide more detail of you would like that information. I answered N/A to the state funding because we are a County Administered System. We do, however have some state funding and Board on Age funding provided to our small unit to do education and training. And, to maintain our centralized Data base for the Common Entry Point.

Including after hours common entry point adequate involvement across disciplines in APS investigations (eg. law enforcement, attorneys) Financial Insitutions are not mandated reporters

72. Is there anything you want to tell us about your APS Program which we failed to ask?
MN has 3 lead investigative agencies for investigations of maltreatment of vulnerable adults. 48% are forwarded to the County but the other’s are sent to either the MN Department of Health or MN Department of Human Services Licensing Division. See below: Lead investigative agency; “Lead investigative agency” is the primary administrative agency responsible for investigating reports made under section 626.557. (a) The Department of Health is the lead investigative agency for facilities or services licensed or required to be licensed as hospitals, home care providers, nursing homes, boarding care homes, hospice providers,
residential facilities that are also federally certified as intermediate care facilities that serve people with developmental disabilities, or any other facility or service not listed in this subdivision that is licensed or required to be licensed by the Department of Health for the care of vulnerable adults. "Home care provider" has the meaning provided in section 144A.43, subdivision 4, and applies when care or services are delivered in the vulnerable adult's home, whether a private home or a housing with services establishment registered under chapter 144D, including those that offer assisted living services under chapter 144G. (b) The Department of Human Services is the lead investigative agency for facilities or services licensed or required to be licensed as adult day care, adult foster care, programs for people with developmental disabilities, family adult day services, mental health programs, mental health clinics, chemical dependency programs, the Minnesota sex offender program, or any other facility or service not listed in this subdivision that is licensed or required to be licensed by the Department of Human Services. (c) The county social service agency or its designee is the lead investigative agency for all other reports, including, but not limited to, reports involving vulnerable adults receiving services from a personal care provider organization under section 256B.0659. There are a few sections that I was not able to complete in the given time line. Also because we are state supervised and County administered some of the questions were difficult to answer. I would like the opportunity to follow up with you on portions that are submitted unanswered. Thank you.
