

NATIONAL ADULT PROTECTIVE SERVICES ASSOCIATION

9th Annual Summit on Elder Financial Exploitation Sponsor Prospectus

August 31, 2018

HYATT REGENCY ORANGE COUNTY | ANAHEIM, CA

Dear Potential Partner:

Elder financial exploitation is far more prevalent, more lethal and more expensive than is commonly known:

- Elder abuse victims are three times more likely to die than non-abused seniors, and four times more likely to go into nursing homes.
- A million people turn 60 every month. Soon older persons will outnumber the young.
- Changes in the aging brain may make elders more susceptible to fraud.
- At a minimum, seniors lose \$2.9 billion dollars to fraud annually.
- Adult Protective Services (APS) Programs work directly with victims to protect them, and with various stakeholders to prosecute offenders and to educate seniors to prevent elder financial abuse.

Numerous government agencies, industry programs, consumer protection organizations, and financial institutions address elder financial exploitation in their own spheres of influence, but all of the stakeholders need to learn from each other .

NAPSA convened a National Advisory Board on Elder Financial Exploita

tion to increase awareness and to develop new strategies to address this increasing problem. NAPSA's Financial Exploitation Advisory Board will sponsor the 9th National Summit in 2018.

The Summit will:

- Examine the issue in its many and varied manifestations.
- Bring together the financial services industry, police and prosecutors, consumer advocates, federal and state regulators, researchers and adult protective services to learn what role each plays in addressing elder financial exploitation.
- Present innovative and successful best practices from a range of systems. Strategize on how best to coordinate information, strategies and tactics to strengthen the prevention, identification and prosecution of elder financial abuse.

The Summit is an opportunity to meet other important stakeholders and to learn the complex ways in which elder financial exploitation occurs and the many organizations addressing it in creative and effective new ways.

About the Elder Financial Exploitation Advisory Board

The NAPSA Elder Financial Exploitation Advisory Board (EFEAB) was created to assist in the planning of NAPSA's annual Elder Financial Exploitation Summit and to work with NAPSA to promote awareness of elder financial abuse for elder law practitioners, policy makers, law enforcement personnel, as well as those in the financial sector who service elderly clients. The EFEAB conducts forums on elder financial abuse prevention, and seeks out innovative ways to expose and combat abusive practices. Members of the EFEAB Advisory board are leaders in their fields and are committed to working toward the eradication of elder financial abuse. The EFEAB functions as an advisory board to the NAPSA.
