ADDENDUM

NAPSA's Financial Exploitation Advisory Board (FEAB) was created to assist in the planning of NAPSA's annual Elder Financial Exploitation Summit and to work with NAPSA to promote awareness of elder financial abuse for elder law practitioners, policy makers, law enforcement personnel, financial institutions and others who work with elders. NAPSA's FEAB conducts forums on elder financial abuse prevention and seeks out innovative ways to expose and combat abusive practices. Members of FEAB are committed to the eradication of elder financial abuse and they function as advisors to NAPSA's Board of Directors.

THE GOVERNOR GENERAL · LA GOUVERNEURE GÉNÉRALE

**Message from the Governor General on the occasion of
World Elder Abuse Awareness Day**

Today, we pay a well-deserved tribute to our elders, from coast to coast and on every continent. We recognize the vital role they play in our communities and the importance of sharing their knowledge. We also recognize their resilience and courage.

The global COVID-19 pandemic has been particularly difficult for older people, exacerbating their risks of poverty, discrimination, vulnerability and isolation. In this time of uncertainty, we need to care for our elders—our loved ones, our mentors, our guides—now more than ever. Each of us has a responsibility to prevent all forms of elder abuse and to stand up for their rights.

This is an opportunity for people of all ages to work together to improve the lives of aging populations. Let us begin the conversation so that we may understand the challenges our seniors face. Let us work together to build a safer, more inclusive society for them and with them, one in which respect and dignity are paramount.

COMING SOON!

“The Worldwide Face of Elder Abuse”

Authored by: Georgia J. Anetzberger, PhD, ACSW
 Elizabeth Podnieks, CM, Ed.D.
 Pamela B. Teaster, Ph.D

This new book provides a real and compelling picture of the abuse of older adults, organized by World Health Region and locating the problem within an area’s historic and present societal treatment of older persons. An actual and emblematic case study of the abuse of an older adult will frame each chapter. Using the case study as a touchstone, each chapter author will guide the reader’s understanding of elder abuse in the region or country through the use of empirical data and research on the problem, explaining its usefulness and limitations as well as guiding frameworks utilized to address the problem. Chapter author(s) will highlight the efforts of leading figures in each area or region who are addressing the problem, explaining existing policies and future initiatives to address the abuse of older adults. By providing a holistic and person-centered picture of the issue and problem of elder abuse, based on actual experiences as well as national and international statistics and research and politics and policy, this book will be an invaluable resource for students, academicians, social service practitioners, health professionals, law enforcement, and policy-makers around the world.
